Final Rejection

The Status of Claims

Claims 1-6 are pending.

Claims 1-6 have been rejected.

Claim Rejections - 35 USC § 112

Applicants' argument filed 3/1/05 have been fully considered but are not persuasive.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

The rejection of claims 1-5 under 35 U.S.C. 112, second paragraph, has been maintained due to applicants' failure to modify the claims in the amendment.

Applicants' Argument

1. Applicants argue the following issues:
 - a. the phrase " reacting substantially all of the free hydroxyl groups present in the resultant mixture " is not indefinite since the amount of unreacted hydroxyl groups is defined by the limitation that the mixture should have a hydroxyl number of no more than 100 mg KOH/g in claim 1 .

The applicants' argument have been noted, but these arguments are not persuasive.

First, with respect to the argument, the Examiner has noted applicants' argument. However, This expression is still vague and indefinite because the word "substantially" does not elaborate how much the free hydroxy groups present in the starting reaction mixture are reacted in the reaction process. Therefore, applicants' argument is irrelevant.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
